Matthew J. Miller

University of Illinois at Urbana-Champaign, Department of Computer Science

Email: matt@matthewjmiller.net   **Phone:** 217-244-6024   **Web:** www.matthewjmiller.net

Education

Ph.D., Computer Science, expected Fall 2006
University of Illinois at Urbana-Champaign, GPA: 3.94/4.0

- *National Science Foundation Fellowship* (16.2% acceptance rate)
- *ASEE National Defense Science and Engineering Graduate Fellowship* (21.3% acceptance rate)
- Awarded 3 NSF student travel grants

M.S., Computer Science, December 2003
University of Illinois at Urbana-Champaign, GPA: 3.94/4.0

B.S., Computer Engineering, May 2001
Clemson University, GPA: 4.0/4.0

Publications

- First author of 7 peer-reviewed conference and journal papers, including outlets such as *IEEE Transactions on Mobile Computing, IEEE Infocom* (18% acceptance rate), and *IEEE International Conference on Distributed Computing Systems (ICDCS)* (13.8% acceptance rate). All publications and presentations are available at www.crhc.uiuc.edu/~mjmille2/publications/.
- External reviewer for several conferences and *IEEE Transactions* journals.
- Author of several online HOWTO articles, including a Linux/Windows dual boot guide that averages over 200 unique page views per day.

Technical Experience

- Graduate research focus was wireless networking, specifically energy efficient protocols and security.
- Graduate work included extensive network simulation (*ns-2*, which uses C++ and OTcl), a sensor hardware implementation (TinyOS/NesC), a user-level ad hoc routing implementation, Perl scripts for data parsing and graphing as well as simple simulators, and LaTeX for reports and documentation.
- Several semester group projects for graduate coursework, including a Java-based tool for younger students to create graphical life stories and a custom built Bluetooth simulator written in C.
- Graduate coursework included assignments in other domains, such as Unix sockets, ML, Prolog, Lisp.
- Undergraduate research included developing a Java-based visualization tool for a scientific computing problem solving environment to control message passing between modules and array partitioning.
- Nine-month electrical engineering co-op at Michelin in 1998.

Extracurricular

- Member of IEEE since 1997
- 2004-05 Large Group Coordinator for UIUC Graduate InterVarsity Christian Fellowship

August 22, 2010
